The **WPA-03** Wall Plate expands the features of the CA-30 Amplifier. It provides an audio input that the teacher can use with any multi-media device (i.e. iPod™, Laptop Computer, etc.). It also provides for a Line Level Output which can be used for recording audio to the teacher's computer, or for an Assistive Listening Device (ALD) such as a personal FM Transmitter. Independent adjustable audio level controls are provided for easy adjustment of both the audio input and output.

- Wall plate remote for CA-30 Amplifier
- ALD output has adjustable level control
- Provides line level input with level control
- Single cable connection to CA-30 Amplifier via CAT6 cable
