

Integrated Education Solutions

Audio Solutions

Each Audio Enhancement® Classroom Audio System delivers the teacher's natural voice and multimedia audio to every student in the room at an enhanced, soothing volume.

EPIC System®

EPIC (Education Paging & Intercom Communications) System® provides school administrators with a flexible and easy-to-use bell scheduling, intercom, and visual notification tool.

VIEWpath®

VIEWpath (Video Interactive Education Window)® is designed for educators, enabling teachers to easily create, manage, and deliver lessons remotely or in the classroom while evaluating performance, engagement, and content.

CLEAR Connect™

CLEAR Connect™ is a real-time classroom translation and transcription application that works with other Audio Enhancement solutions to support multi-lingual learning.

SAFE System®

SAFE (Signal Alert For Education) System® is an alert and notification solution that connects teachers and campuses to selected individuals for quick response and communication.

Audio Enhancement takes pride in offering exceptional professional development training for all our systems and products. Our training is thoughtfully crafted by former educators to empower you to maximize the benefits of our solutions with ease and confidence.

10%

Higher standardized test scores in amplified classrooms
